INSTITUTION-INDUSTRY CELL FACILITY

Introduction

Sai Polytechnic recognizes the critical role of industry-institution collaboration in fostering skill development, research, and innovation. To bridge the gap between academia and industry, an Institution-Industry Cell (IIC) is established to facilitate engagement between students, faculty, and industry professionals.

Objectives

- To establish a platform for interaction between Sai Polytechnic and various industries.
- To enhance students' employability through hands-on training, internships, and workshops.
- To facilitate knowledge exchange through guest lectures, industrial visits, and faculty training programs.
- To encourage collaborative research and development activities.
- To provide consultancy services and technical expertise to industries.
